

September 1st, 2020

To the parents of children attending
the School service center des Découvreurs

SUBJECT : Back to School 2020-2021

Dear Parents :

In preparation for the start of the school year on September 1, 2020, and in addition to the information sent by the Minister of Education, I inform you that the establishments of our School service center will be happy to welcome all students full-time, including students in Secondary four and five. In the coming days, the details of this re-entry will be sent to you by your school principal.

In addition, the School service center will organize a distance education service for students with a special medical condition that makes them vulnerable to COVID-19 or students residing with a person with such a condition. If your child is in this situation and you want them to benefit from this service, we invite you to send your request, or any other question on the subject, to the following address: seduc@csdecou.qc.ca. Your request should include:

- The first and last name of your child
- Your address
- Telephone number
- The name of your child's school
- The medical note attesting to the condition of your child or a relative living in the same residence, if applicable.

To organize the service properly, it would be helpful to receive any requests before Friday, August 28, 2020.

I take this opportunity to wish you a wonderful school year and I thank you in advance for your cooperation and understanding during this extraordinary time.

The Director General,

Christian Pleau
